Leadership Mantra: Together...We Can!

Philosophy of Administration

On the Role of the Principal: I believe that a principal should exhibit leadership characteristics that foster a shared vision among teachers/staff and students that includes high expectations for teaching and learning. The role of the principal also includes observing the teaching and learning in the building and provides resources and professional suggestions to enhance the unique styles that exist among educators and learners. Our goal is to provide students with the best education possible so that they can be successful, productive adults in society.
